

## Scarf Tying Instructions for Square Scarves

### Before you style!

The first step when tying most square scarf designs is to fold the scarf into a perfect triangle. This can be achieved by connecting diagonal end A to diagonal end B, as shown.

### The Rosette

- 1 With the folded face of the scarf to your forehead, place the scarf on your head, position and gather all loose ends.

- 2 Twist the ends in a spiral, as shown. After you have twisted the ends, start to create a spiral bun that will form your Rosette.

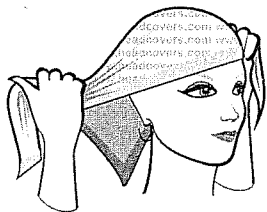

- 3 To secure Rosette, tuck the loose ends into the folds of the Rosette or secure with a pin or a scrunchie.

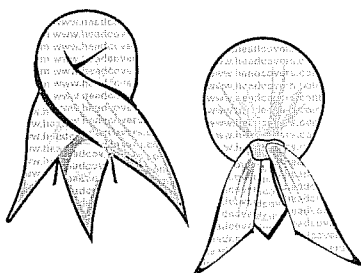

### Basic Tie

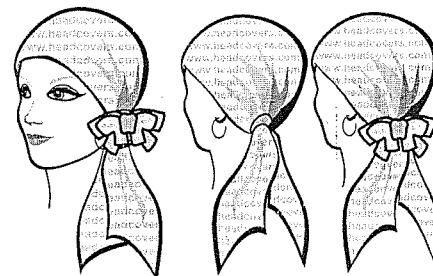

- 1 With the folded face of the scarf to your forehead, place the scarf on your head and position as shown below.

- 2 Overlap the ends of the scarf to criss-cross each end as shown. Securely tie the ends into a knot.

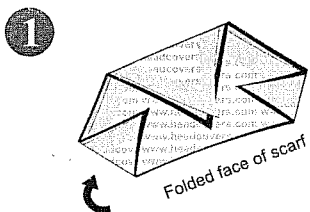

- 3 For diverse options, a bow can be tied from the knot.

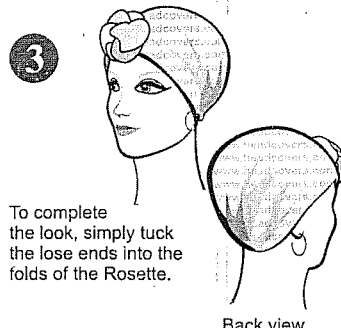

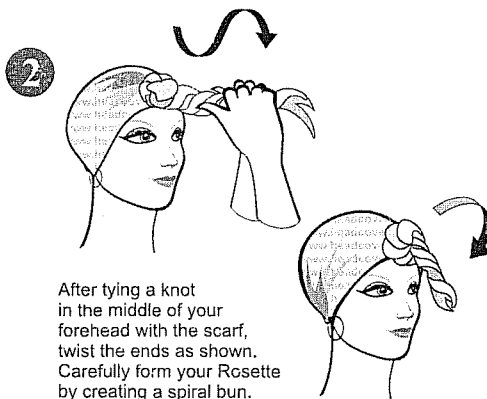

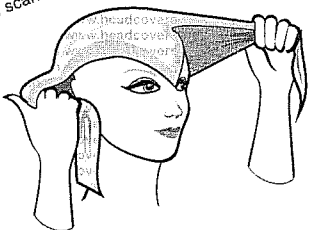

The bow or knot can be worn to the side or to the back of the head.

### Turban Tie with Rosette

With the folded face at the nape of your neck, place scarf on your head. Carefully position the scarf and tie a knot in the center of your forehead.

To complete the look, simply tuck the loose ends into the folds of the Rosette.

### Useful Style Tip

Our scarf pad is designed to wear underneath head scarves or headwear to add height and volume, for a more flattering appearance. It helps to grip your scarf in place and eliminates slippage as you are tying it.
